2006 EASTERN LEAGUE
CHAMPIONS

Here's to America's
national pastime.

And to baseball.

SAVE SOME GREENERY

With High-Efficiency, Low-Emissions Heating Systems, Water Heaters, Boilers or Fireplaces

You can't control the price of fuel, but you can use a lot less of it.

Our direct-vent heating systems, on-demand water heaters, condensing boilers, and gas fireplaces can significantly reduce your fuel consumption and greenhouse-gas emissions. With these new technologies you save money, help to save the environment and reduce our foreign-fuel dependency at the same time.

Models available for #2 Oil, K-1 Kerosene, Natural Gas, and Propane.
