The unequalled luxury, car quiet, 50-degree wheel cut, cab amenities, and innovative safety features make the Volvo VN everyone's aspiration. The goal for the redesigned Volvo VN was to reduce your total operating costs. The results are reduced weight. Improved serviceability. Easier maintenance. A smoother ride. An enhanced driver environment. And improved safety.

## Stateline Truck Service Inc.

Route 12 Fitzwilliam, NH 03447 · (800) 286-6531

Located in south-western New Hampshire, State Line has been a service dealer for McDevitt Trucks since their incorporation in 1975. Owned by Gus and Linda Crocker, State Line employs 13 people, 6 of whom are service technicians. Their hours of operation are 7:30am–5:30pm Monday through Friday and 7:30am–12:00pm on Saturdays. State Line provides parts and service for most makes of trucks. “The fortunate thing about our location,” says Gus “is that we are really the only business of our type in the area.” They deliver parts throughout southwestern New Hampshire and southern Vermont and occasionally will deliver parts as far as New York State! “Over our thirty years we have built some wonderful relationships with our customers,” says Kelly, Gus’ daughter and the company’s vice president. Kelly is taking over more and more of the daily responsibilities and is as committed as her dad to taking care of their customers! ■

## Jim Delacoe

### A Real Pro

In our last issue we initiated a new feature where we profile a person who exemplifies the best traits of a McDevitt Trucks' employee. For this issue, it was an easy decision to select Jim Delacoe. BUT at the request of Jack McDevitt, Jr. and Jim Zaccagnini (vice-president of parts and service) we were to keep Jim Delacoe from knowing! So with the help of many of Jim's friends and co-workers, we put together this profile.

We often brag that our two hundred five employees are the cream of the crop. Jim Delacoe is undoubtedly one of the best service managers around, and we are proud to have him as a part of the McDevitt "family". We know that we tend

to take him for granted, but the quality of his work as well as his enormous heart never goes unnoticed. After talking to some of the people who have worked directly with Jim you realize just how much he is admired, and respected. You always know that if Jim is handling it, it will be done right.

Originally from Liverpool, England, Jim served in the Army for a number of years, and would eventually come to the United States to work for the Mack Truck Company as a service technician. Jim and his wife Shirley live in Auburn, New Hampshire. They have two grown children, Mitchell 33, and Jennifer, 28. Jennifer presented them with their first grand child earlier this year.

Jim is considered an honorary member of what we at McDevitt Trucks call the ORIGINAL 5. This is the nickname given to the five employees who have been a part of the company since the beginning. *(Continued on page 12.)*

**Jim Delacoe** (Continued from page 9.)

## A Real Pro

Jim joined McDevitt Trucks in 1975, and quickly made his mark here.

He is incredibly knowledgeable about truck service, having spent nearly his entire life in the field. "He just has a way with things," said Allan Ball, service manager at our 1 Mack Avenue location. "Any time I have a question or am facing something that I just can't quite figure out, all I have to do is call Jim and he comes right over to help." Alan added to this sentiment by saying that one of the things that stands out about Jim is his ability to work well with anybody saying, "He just has a way with people. He is very easy going".

Anyone who has spoken to Jim knows immediately that he is not originally from "around here". He certainly has adapted well to the New England lifestyle though, spending much of his free time golfing with his wife Shirley, or fishing up north.

As a youngster, Jim spent many nights at the Cavern in Liverpool. Music buffs and baby-boomers know this as the club where the Beatles got their start. Word is that Jim was actually pretty friendly with the group in their youth. Now how cool is that! ■

## J&J TRUCK BODIES & TRAILERS

Built for the Long Haul™

DynaHauler®/ILWC, a lightweight, crossmemberless steel body that features newly designed bottom rails.

DynaHauler®/FTA, steel frame, aluminum body dump trailer. A high-performance trailer for excavation and other types of construction material hauling.

DynaHauler®/MH4, is one of our most popular material haulers. Optional twin hoist suspension provides greater stability on uneven ground surfaces.

DynaHauler®/DT, a demolition dump trailer engineered for the most rugged work.

## There's no substitute for a J&J DynaHauler®

For over 40 years, truck dealers and operators have been relying on us for quality truck equipment. Custom or standard, one unit or several, we have the experience to build it your way.

When it comes to precision-engineered steel and aluminum dump bodies and trailers, J&J is the company to trust.

Call us and let our team of experts put together a specification package that meets your needs.
